

VIRTUAL DISCO

Dear Parent/ Carer,

Given that lockdown restrictions will continue, our wellbeing team have endeavoured to create a virtual wellbeing event to encourage fun and movement.

On Thursday the 9th of September (R U OK? Day and our school run Create, Connect and Inspire day), your child can choose to participate in a Virtual Disco run by Silent Sounds, to start livestreaming at 1pm and conclude at 1.45pm.

Silent Sounds has an incursion brand called Playground Sounds and provides live Silent Disco events for schools across Australia. They have created a new way for students to enjoy their events in lockdown.

Students can click through on the DJ (Green channel) Dancers (Blue channel) or video set (Red channel). It works on a laptop, computer or tablet and you can connect it to the TV if you wish. You can listen to the experience via wireless headphones or speakers.

*Students will not interact with the performers or vice versa. Students will not see anyone else during the performance, this is **not** like Zoom and doesn't require any computer cameras.

Important Information to be aware of:

Silent Sounds run the disco through a private link via Twitch. Silent Sounds comply with Australian Privacy laws, NO personal data will be collected or stored. Only behavioural informational from via Twitch video statistics and Google Analytics will be collected such as time of visit, pages visited, time spent on each page of the website, type of device (desktop, mobile, tablet), browser, network location and IP address, new/ returned user, direct traffic/ organic traffic/ paid traffic/ search traffic.
