### Year 7 Agricultural Technology Information and Consent

Dear Parent

As part of the Agricultural Technology Syllabus, your child is required to engage in activities which involve handling and caring for a variety of different animals (including chickens, alpacas, goats etc) under teacher guidance and supervision.

Students will be taught explicitly how to engage with and handle all animals in a safe and controlled environment.

Students who are unable to conduct the practical components that require the handling of animals will be provided with alternative activities to meet syllabus requirements.

If you **DO NOT** wish for your child to be involved with the practical components of the course, including the handling of farm animals, please sign the attached note and return to Miss Nunes.

If you have any questions or concerns, please contact the Head Teacher of Science or the Agricultural Technology Coordinator.

Mrs A Stamoulos  
Relieving Head Teacher Science  
9 Feb 2020

Miss R Nunes  
Agricultural Technology Coordinator
