Elevate Seminars Year 7, 8 & 9 Incursion Information Note

Dear Parent

You are receiving this letter as your child has been selected to participate in *Elevate*. Developing excellent study skills is essential to reaching academic potential and is a key factor in differentiating top performing students.

To ensure that our students are given a kick start in developing life-long study skills, we have engaged *Elevate* to run a series of workshop seminars for Year 7, 8 and 9 students.

The Year 7 group will be breaking down the transition process from primary to secondary education, introducing students to the fundamental skills that they will need to be using over the coming years.

The Year 8 group will be focussing on junior time management. The seminar will demonstrate how to break bigger tasks into manageable amounts.

The Year 9 group will delving more intensely into managing assessment tasks and how to work smart.

The school has engaged *Elevate* as a direct response from the concerns students expressed at their student learning conferences about how to study effectively.

Elevate is a non-profit organisation with 17 years experience in assisting students to improve their study habits. The seminars are delivered by trained university students, in a dynamic and interactive way.

Students will be able to use the skills they learnt immediately.

Elevate will also be offering a parental workshop. The workshop will offer practical tips to provide effective support for the program at home.

We are very excited to offer this opportunity to our students and parents.

When: Wednesday, 31 March 2021 – Year 7, 8 and 9

Wednesday, 5 May 2021 – Year 8 and 9

Thursday, 17 June 2021 – Year 9
