STUDENT LEARNING CONFERENCES

@AMBARVALE HS

In Week 8, a letter will be sent home with your **child's appointment time.**

The appointment time will be on one of the dates circled above. If you would like to change your time, please follow the instructions attached in the letter.

STUDENT LEARNING CONFERENCE FAQS

What is a Student Learning Conference (SLC)?

SLCs are a time when teachers, students and parents come together to talk about a student's learning and progress.

The main focus of the SLC is for your child to set goals for their learning in Semester 2.

How are SLCs different to Parent Teacher Interviews?

Parent Teacher Interviews were parent focused. In SLCs, **students** are expected to **lead** and **direct the conversation** around their goals for the future.

Your child will be led through their report so they can reflect on what they have achieved in the past semester. This information is then used to help them develop and construct meaningful goals.

Your child will be **guided by a teacher** to prepare for their conference.

SLCs are an **opportunity** for parents **to ask questions** of teachers and check in with the progress of their child.

Parents are welcomed and encouraged to **support their child** by attending on the day.
