Deputy Principal: Ms E Fitzgerald, B. Health Science, Dip.Ed.

Assessment Advice to Students and Parents Years 7-11

The NSW Department of Education have confirmed that while the health advice on schools is unchanged, it is safe for our school to be open and continue to operate.

School teams have been working hard to develop learning options for students to undertake from home. In the event of students or teachers being required to be off-site, teachers will continue to support students to learn at home either online through a virtual platform, or through hard copy packages of materials distributed by the front office.

This model of learning delivery is likely to continue into term 2 based on recent government announcements.

School Assessment – General Advice

- Assessment scheduled in term 2 will go ahead with some adjustments.
- These adjustments may include;
 - a reduction in the number of tasks,
 - alterations to increase accessibility while learning remotely
 - options for task submission (online submission, hand in on site)
 - removal of group tasks.
- written notice of all assessment will be provided to students and will be communicated across multiple platforms.

Ms Louise Barnott-Clement
